Mr Howland Wood

My Dear Friend Howland

I received your letter some weeks ago and you know I aint as fast as good Uncle Joe. So I thought I had better write and send you my proxy which you will find enclosed.

Pittsburgh is celebrating her Sesqui Centennial this week. And I regret that the A. N. G. Convention and the Centennial comes the same week.

I would be pleased to be present with you Uncle Joe and all the rest of the good fellows I met at Columbus last year. But I must stay at home this time. And hope that the Convention will be a grand success. and those that attend will have a golly good time. I often speak and think about the pleasant time we had at Columbus.

Enclose my proxy which you can vote as you think best I also send you the proxy which I received from Mr B. F. Dutton Chester Hill Ohio
